For Input, please follow formatting below. You will see a message, enter the thing you are searching for after:

After the computer matches your best case, it will give you information to search for what you desire.

There is also a CSV file that will help you view the number of inputs and outputs the computer and user will use

Test Case Examples

Input	Output	Pass/Fail
Noame	Name	Pass
Addreyss	Address	Pass
Sokddfn$$	No Output	Fail
Quite	Quit	Pass
